

ASHLEY LUI

PROFESSIONAL SUMMARY

I began my tutoring journey at SJII as a math tutor for a volunteer program. It was then I realised I enjoyed teaching and watching my juniors get excited and feel satisfied when they finally understood the concepts and were able to apply it to different questions. I have been teaching ever since I graduated IB and have connected with more than 20 students.

With more than a year of teaching experience, I have helped most of my students to improve by an average of two grades in both the IGCSE and IB programmes. I have also helped students from other tracks such as the MYP and PCS at Stamford American to refine their skills in the English language.

My teaching style is to help students understand the requirements of the subject and to use exam smart skills to tackle the difficulties they deal with. I believe in critical thinking and practice which help students feel more prepared when tackling new and difficult questions. Lastly, although I can be strict, I believe in motivating students by planning their educational goals together, in order for us to collaborate and to achieve those goals.

STUDENTS' TRACK RECORD

November 2020 IB

- 7s for both HL Eng B students
- 6/7s for all three HL Economics students
- 7 for SL Economics
- 7 for HL Language and Literature

Other records to note

- Stamford American student joined the Preparatory Course for Secondary (PCS) at the risk of not passing but ended up getting promoted in just 2 months
- SAT results of more than 1430
- All IGCSE students scored either 6/7 for their end of year school exams

EDUCATION
