JUSTIN TAN

INTRODUCTION

SPECIALISATIONS

–PSLE Mathematics

–GCE 'O' Levels Elementary/Additional Mathematics

–GCE 'A' Levels H1/H2 Mathematics

–IB SL/HL Analysis & Approaches (AA) Mathematics

–IB SL/HL Applications & Interpretation (AI) Mathematics

ABOUT ME

Hello, I'm Justin! I studied in St. Joseph's Institution and subsequently Anglo-Chinese Junior College to complete my GCE 'O' and 'A' Levels respectively. I am currently awaiting admission to NUS, where I have confirmed a slot in the College of Humanities & Sciences (CHS).

Throughout my years of education, I have met many teachers that have inspired and sparked my passion for both Mathematics and teaching. I hope to imbue this same zeal to my students and encourage them to not only excel in Mathematics, but gain a genuine appreciation for its concepts and applications.

As for my teaching style, I believe that every student has different learning methods. After familiarising and getting to know students, I would tailor the lesson towards students' personal interest. This would allow lessons to be intriguing and relevant, while also using the best method for themselves to gain and retain knowledge. Well-equipped with resources and personal guidance, I hope to inspire students to reach their potential academically.

SKILLS

- Personalised lessons to cater to the different needs of students

- Detailed and relevant explanations and examples to enable students to digest mathematic concepts

- Friendly & Approachable

- Online Consultations

EDUCATION HISTORY

ST. JOSEPH'S INSTITUTION
GCE 'O' Levels, 2014–2017
- A1 in E Math
- A1 in A Math
- A1 in Chemistry
- A2 in English
- A2 in Biology
- A2 in Physics
- A2 in Chinese

ANGLO-CHINESE JUNIOR COLLEGE
GCE 'A' Levels, 2018–2019
- 'A' in H2 Math
- 'A' in H2 Biology
- 'A' in H2 Chemistry
